November 4, 2015

Dear Parents/Guardians,

At Algonac Community Schools and Dean Transportation, we value the safety of each and every student in our community. The mission of the Transportation Department is to serve our community with caring, reliable transportation. For your student's safety, we require that drivers are able to visually identify a parent or caretaker when dropping off students in Pre-K through 2nd grade. If you have a request for students to walk home without visual identification, please send a written notice and the driver will collect them to keep on file.

The Transportation Department will make every attempt to contact a parent if no one is at the stop. Typically, the driver will give a 3 minute wait period, contact the transportation department, and make contact with the school. We would also appreciate any changes in phone number or address to be updated as soon as possible for your student's protection. If a caretaker cannot be reached, at the end of the bus run the student will be taken to ABC Daycare located at Pointe Tremble Elementary School: 9541 Phelps Road (Directly West of High School). This will be at the expense of the parent or guardian.

If you have any further questions or concerns please do not hesitate to contact the Transportation Department at (810)794-3555 or your child's school. Thank you for your help in keeping all of our students safe.

Warmest Regards,

Algonac Community Schools Elementary Principals

Melissa Hanners
