April Food Focus of the Month

This month
we're celebrating
yogurt

DID YOU KNOW?

- Yogurt has "good" bacteria called probiotics that help keep our digestive and immune systems healthy.
- An average American eats 13 pounds of yogurt each year!
- Yogurt is highly nutritious and is an excellent source of protein, calcium and potassium
- Lactose Intolerant? Give Greek Yogurt a try, it has less lactose than traditional yogurt and is often well tolerated!
- Yogurt dates back to around 5000 BC, where it originally came from goat or sheep milk. During ancient times, yogurt was termed the "food of the gods."
