GARDEN VEGETABLES

How to Garden Vegetables?

Vegetable gardens are a great way to grow delicious foods that are good for you –and to have some fun! The types of vegetables that grow well in your area depend on the weather, soil, sunlight and many other factors. Garden vegetables taste best eaten fresh or cooked within a few days of harvesting.

If you have space for it a small backyard garden try growing a few vegetables like tomatoes, cucumbers, carrots and herbs! You can even plant tomatoes in containers and watch them grow or try some herbs in small pots on a windowsill where they will get plenty of light!

Questions or Comments? Please contact Steve Bellante @ 810.794.8875 or sbellante@acsk12.us

Checks: Please make checks payable to Algonac Food Service or Pay Schools online through Skyward
