Finding locations

WARNING: For important information about navigating safely and avoiding distraction while driving, see [Important safety information](#) on page 125.

Important: Maps, directions, 3D, Flyover, and location-based apps depend on data services. These data services are subject to change and may not be available in all areas, resulting in maps, directions, 3D, Flyover, or location-based information that may be unavailable, inaccurate, or incomplete. Compare the information provided on iPad to your surroundings, and defer to posted signs to resolve any discrepancies. Some Maps features require Location Services. See [Privacy](#) on page 119.

Find a location: Tap the search field, then type an address or other information, such as:

- Intersection (“8th and market”)
- Area (“greenwich village”)
- Landmark (“guggenheim”)
- Zip code
- Business (“movies,” “restaurants san francisco ca,” “apple inc new york”)

Or, tap one of the suggestions in the list below the search field.

Navigate maps:

- *Move up or down, left or right:* Drag the screen.
- *Rotate the map:* Rotate two fingers on the screen. A compass appears in the upper-right corner to show the map’s orientation.
- *Return to the north-facing orientation:* Tap .

Find the location of a contact, or of a bookmarked or recent search: Tap .

Get and share info about a location: Tap the pin to display the info banner, then tap . When available, you can get reviews and photos from Yelp. You can also get directions, contact the business, visit the home page, add the business to your contacts, share the location, or bookmark the location.

- *Read reviews:* Tap Reviews. To use other Yelp features, tap the buttons beneath the reviews.
- *See photos:* Tap Photos.
- *Email, text, tweet, or post a location to Facebook:* Tap Share Location. To tweet or post to Facebook, you must be signed in to your accounts. See [Sharing](#) on page 29.

Use the drop pin to mark a location: Touch and hold the map until the drop pin appears.

Choose standard, hybrid, or satellite view: Tap the lower-right corner.

Report a problem: Tap the lower-right corner.

Getting directions

Get driving directions: Tap , tap , enter the starting and ending locations, then tap Route. Or, choose a location or a route from the list, when available. If multiple routes appear, tap the one you want to take.

- *Hear turn-by-turn directions (iPad Wi-Fi + cellular):* Tap Start.
Maps follows your progress and speaks turn-by-turn directions to your destination. To show or hide the controls, tap the screen.
If iPad auto-locks, Maps stays onscreen and continues to announce instructions. You can also open another app and continue to get turn-by-turn directions. To return to Maps, tap the banner across the top of the screen.
- *View turn-by-turn directions (iPad Wi-Fi only):* Tap Start, then swipe left to see the next instruction.
- *Return to the route overview:* Tap Overview.
- *View the directions as a list:* Tap  on the Overview screen.
- *Stop turn-by-turn directions:* Tap End.

Get quick driving directions from your current location: Tap  on the banner of your destination, then tap Directions To Here.

Get walking directions: Tap , tap , enter the starting and ending locations, then tap Start. Or, choose a location or a route from the list, when available. Tap Start, then swipe left to see the next instruction.

Get public transit directions: Tap , enter the starting and ending locations, tap , then tap Start. Or, choose a location or a route from the list, when available. Download and open the routing apps for the transit services you want to use.

Show traffic conditions: Tap the bottom-right corner of the screen, then tap Show Traffic. Orange dots show slowdowns, and red dots show stop and-go-traffic. To see an incident report, tap a marker.

3D and Flyover

On iPad 3rd generation or later, use 3D (standard view) or Flyover (satellite or hybrid views) for three-dimensional views of many cities around the world. You can navigate in the usual ways, and zoom in to see buildings. You can also adjust the camera angle.

The Transamerica Pyramid Building is a registered service mark of Transamerica Corporation.

Use 3D or Flyover: Zoom in until **3D** or  becomes active, then tap the button. Or, drag two fingers up. You can switch between 3D and Flyover by tapping the lower-right corner and changing views.

Adjust the camera angle: Drag two fingers up or down.

Maps settings

Set options for Maps: Go to Settings > Maps. Settings include:

- Navigation voice volume (iPad Wi-Fi + cellular)
- Miles or kilometers for distance
- Language and size of labels
