Program Overview

Algonac Youth Basketball will take a great deal of pride in the development of youth players. We have decided to make some adjustments from previous years by changing formats to make it a great experience for our elementary age players. Here is an overview of our formats. We want to introduce the game to as many young players as possible. No previous basketball experience is needed.

We encourage new players to come out learn the game, get some exercise, and have fun!

K – 1st Grade: Focused on introducing basic skills using simple competitive drills and games allowing players to have a fun first experience with basketball.

2nd thru 4th Grade: 10 Minute coached skill session before each game followed by a four quarter (7-minute quarter, running clock) competitive game. Teams will be coached by current varsity players.

5th – 6th Grade: 10 Minute coached skill session before each game followed by a four quarter (8-minute quarter, running clock) competitive game and additional practice sessions. Teams will be coached by current varsity players.
