

At a glance

iBooks is a great way to read and buy books. Download the free iBooks app from the App Store, and then enjoy everything from classics to bestsellers.

To download the iBooks app and use the iBookstore, you need an Internet connection and an Apple ID.

Visit the iBookstore: In iBooks, tap Store to:

- Find books by browsing or searching
- Get a sample of a book to see if you like it
- Read and write reviews, and see current bestsellers
- Tell a friend about a book via Facebook, Twitter, iMessage, or email

Purchase a book: Find one you want, tap the price, then tap again to get it.

Get information about a book: You can read a summary of the book, read reviews, and try a sample of the book before buying it. After buying a book, you can write a review of your own.

Download a previous purchase: If you download a book you've previously purchased, you won't be charged again. To automatically download items purchased on other devices, go to Settings > iTunes & App Store. For information about purchased books and iCloud, see [Organizing the bookshelf](#) on page 91.

Update a book: If there's an update to a book you've downloaded, a badge notifies you of the new version. To see and download the updated book, tap Purchased, then tap Updates.

Reading books

Each book has a particular set of features, based on its contents and format. Some of the features described below might not be available in the book you're reading.

Search for a book: Go to the bookshelf. Tap the status bar to scroll to the top of the screen, then tap . Searching looks for the title and the author's name.

Download a book from iCloud: Books you've purchased that aren't on iPad appear with an iCloud badge. To download the book, tap its cover. To automatically download items purchased on other devices, go to Settings > iTunes & App Store.

- *Hide purchases on the bookshelf:* To show or hide purchased books that aren't on iPad, go to Settings > iBooks > Show All Purchases. You can download purchases from the iBookstore. See [At a glance](#) on page 88.

Syncing books and PDFs

Use iTunes to sync your books and PDFs between iPad and your computer, and to buy books from the iTunes Store. When iPad is connected to your computer, the Books pane lets you select which items to sync. You can also find DRM-free ePub books and PDFs on the web and add them to your iTunes library.

Sync a book or PDF to iPad: In iTunes on your computer, choose File > Add to Library and select the file. Then sync.

Add a book or PDF to iBooks without syncing: If the book or PDF isn't too large, email it to yourself from your computer. Open the email message on iPad, then touch and hold the attachment and choose "Open in iBooks."

Printing or emailing a PDF

You can use iBooks to email a copy of a PDF, or to print all or part of the PDF to an AirPrint printer.

Email a PDF: Open the PDF, tap , then choose Email.

Print a PDF: Open the PDF, tap , then choose Print. For more information, see [Printing with AirPrint](#) on page 30.

iBooks settings

iBooks stores your purchases, collections, bookmarks, notes, and current page information in iCloud, so you can read books seamlessly across all your iOS devices. iBooks saves information about all of your books when you open or quit the app. Information about individual books is also saved when you open or close the book.

Turn syncing on or off: Go to Settings > iBooks. You can sync bookmarks and collections.

Some books might access video or audio that's stored on the web. If iPad has a cellular data connection, playing these files may incur carrier charges.

Turn online content access on or off: Go to Settings > iBooks > Online Content.

Change the direction the page turns when you tap the left margin: Go to Settings > iBooks > Both Margins Advance.
